

RE: Child Care Rule Revisions Now Available

March 2, 2009

The revised child care rules became effective on January 1, 2009. The DCF (Department of Children and Families) is in the process of printing new rule books which will be sent to all licensed providers shortly.

Additional copies will be available for purchase. In the meantime, the revisers' version of the rules is available on our website at the following link: <http://dcf.wisconsin.gov/childcare/licensed/CCRuleRev.HTM>

Also on this page are some training materials on the revisions to the rules.

The materials include a short webcast presentation and as well as a written version of the presentations that can be used either as a companion to the webcast or as a stand-alone training document.

The DCF (Department of Children and Families) is in the process of updating the commentary manuals that provide supplemental information about the licensing rules. Once these manuals are updated, they will be available on the website and available for purchase.
